

COMPETITION LAW AND PUBLIC POLICY IN CANADA, 1979 - 1982:

A BIBLIOGRAPHY

Compiled by

Pierre H. Audet*

Introduction

The purpose of this bibliography is to provide a listing of books, articles, and reports which deal with Canadian competition policy from 1979 through 1982. The bibliography is intended to update the earlier work by Paul K. Gorecki and W.T. Stanbury, entitled "Competition law and public policy in Canada, 1888 - 1979: a bibliography", and published in Canadian competition policy: essays in law and economics, edited by J. Robert S. Prichard, W.T. Stanbury, and Thomas A. Wilson.

The focus continues to be those items of a legal and/or public policy nature rather than industry studies or purely economic analyses. General regulation studies and law reports have not been included. For reported cases, refer to annual reports of the Director of Investigation and Research, Combines Investigation Act, Consumer and Corporate Affairs Canada.

Basically, the subject arrangement of the bibliography follows that of the predecessors work with slight changes which include some rearrangement in the order of subjects, and the consolidation of some subject areas.

Both English and French language material has been covered and titles are indexed in the language of publication.

I acknowledge with thanks the following persons for having reviewed the bibliography: the directors of the Bureau of Competition Policy, Mr. William T. Stanbury of the University of British Columbia, Corinne K. MacLaurin and Gabriel P. Lepkey of the Library of Consumer and Corporate Affairs Canada.

DROIT DE LA CONCURRENCE ET POLITIQUE OFFICIELLE AU CANADA, 1979 - 1982:

UNE BIBLIOPHIE

Compilée par

Introduction

La bibliographie donne une liste des livres, articles et rapports traitant de la politique de concurrence au Canada entre 1979 et 1982. Il s'agit d'une mise à jour du travail fait antérieurement par Paul K. Gorecki et W.T. Stanbury, intitulé: "Competition law and public policy in Canada, 1888 - 1979: a bibliography", et publié dans Canadian competition policy: essays in law and economics, édité par J. Robert S. Prichard, W.T. Stanbury et Thomas A. Wilson.

L'ouvrage est également centré sur les questions juridiques et/ou de politique officielle, plutôt que sur les études du secteur privé ou sur des analyses purement économiques. Les études sur la réglementation en général et les rapports juridiques n'ont pas été inclus. Pour les causes, se référer aux rapports annuels du Directeur des enquêtes et recherches, Loi relative aux enquêtes sur les coalitions, Consommation et Corporations Canada.

La présentation des sujets est essentiellement la même que dans l'ouvrage précédent, sauf en ce qui concerne l'ordre des sujets et l'unification de certains domaines.

L'ouvrage porte sur des documents aussi bien anglais que français, et les titres sont répertoriés dans la langue de publication.

Je remercie sincèrement les personnes suivantes qui ont lu et critiqué la bibliographie: les directeurs du Bureau de la politique de concurrence, M. William T. Stanbury de l'université de British Columbia, Corinne K. MacLaurin et Gabriel P. Lepkey de la bibliothèque de Consommation et Corporations Canada.
