

MESSAGE FROM THE SENIOR EDITOR

As I advised with the last issue of the *Record*, the editorship of the *Record* has recently changed. Commencing with this issue, the new Editor of the *Record* is Jennifer Trent. Jennifer has practised competition law with Fraser Milner since 1992 and is now devoting her time almost exclusively to the *Record*. I am continuing to be involved with the *Record* in the role of Senior Editor. The office of the *Record* has also moved from Ottawa to Toronto.

The recent period of transition resulted in considerable delay in the publication of the *Record*. As I have previously advised, given the lateness in completing Volume 19 of the *Record*, we have determined that the first issue of Volume 20 of the *Record* will be the Spring 2000 issue. Accordingly, any subscription fees received in respect of 1999 will be applied toward the 2000 issues.

As we embark on this new era, we are considering ways in which to improve the *Record*. Any comments or suggestions in this regard would be welcome.

We look forward to continuing to provide you with timely and insightful reports, analysis and commentary on competition law and policy developments. We appreciate your continued support.

R.T.H.
