

## CANADIAN COMPETITION RECORD

**MESSAGE FROM THE EDITORS**

As we have previously mentioned, we have been considering ways in which to improve the *Record*. In this issue, we introduce a new section called "The First Section" that we hope will become a regular feature in the *Record*. This section will be devoted to a short opinion piece. In addition, we will no longer be reprinting Bureau Notices and Press Releases as they are readily available on the Bureau's website. Instead, each issue will include a list of the Bureau Notices and Press Releases issued during the period specified.

These are interesting times for competition law in Canada. In recognition of the numerous recent developments in this area, we have chosen, in this issue, to replace the international and trade sections with two special sections dealing with Air Canada and the proposed amendments to the *Competition Act*. This is certainly not a permanent change, as the international and trade areas will continue to be covered in future issues of the *Record*. Indeed, we are currently exploring the possibility of having a regular contributor in the trade area.

Times may become even more interesting when the Competition Tribunal's decision in the *Superior Propane* case is released. This decision was imminent at press time and will be featured in the next issue of the *Record*.

The first James H. Bocking Memorial Award will be presented in September. Jim's contribution to the Bureau and the competition community was invaluable and he is sorely missed, both professionally and personally. Information regarding the Award and The James H. Bocking Memorial Fund, which finances the Award, may be obtained by contacting Norma Pugliese at the Canadian Bar Association, 1-800-267-8860 or 613-237-2925, or [normap@cba.org](mailto:normap@cba.org). Donations may be forwarded to:

Finally, notwithstanding the fact that this issue of the *Record* is titled Spring/Summer, there will indeed be four issues in Volume 20.
